

## HUNT HAND OPERATED SCOTCH PIE MACHINE

### Specification

Ideal for products up to 100mm diameter (4") Standard sizes 3.3/4" x 1.7/16" (95x38mm), 2.3/4" x 1.7/16" (69x38mm). Other sizes by quotation

The finished pie measures approximately 7mm (1/4") less in diameter than the die size.

Production Rate: 200-240 shells per hour

Forming die and base are both electrically heated and independently controlled by Simmerstat

Compressed Air Release System ensures smooth operation and easy release (optional extra)

Die equipment is easily interchanged for different shapes and sizes (Please mention that the machine is a Little Champion "Scotch" when ordering extra equipment)

Paint free surfaces. All castings are electroless nickel plated.

Simple to operate and supported by Hunts legendary reliability and spares back up.

### EXTRA ADAPTOR TO USE STANDARD DIES
